

RESOLUTION ON DSI

Unanimously passed by the Faculty Senate on October 12, 2001

WHEREAS DSI has traditionally been awarded for merit and equity and

WHEREAS such merit and equity has not been shown to be, nor has it historically been assumed to be, a function of base salary or academic rank, and

WHEREAS the allocation of DSI awards as a function of base salary or as a function of academic rank compounds inequity,

THEREFORE be it resolved that the Faculty Senate urges the administrators who are making final award determinations, to recommend lump sum as opposed to percentage DSI awards.

Sent this 12th day of October, 2001 to President Calvin O. Butts, Attn: Mona Rankin

Cc: Dr. Aubrey Bonnett, Vice President, Academic Affairs
