

**Resolution Presented by Academic Policy Committee
(Approved by APC (5-0-0) on October 28, 2003)**

Whereas there has previously been a SUNY System Administration mandate against noting majors on diplomas;

And, whereas SUNY has recently decided that this mandate is outdated and has granted individual institutions the authority to note majors on diplomas if they so desire;

And, whereas there have been many student requests for such notation in the past;

Therefore, be it resolved that the faculty authorizes the noting of academic majors on student diplomas.
