2021, Nomination sheet 2022-2023.docx;

Hello Faculty,

Please find attached the nominations sheet for the next election. *As you can see there are a number of vacancies available on very important committees that need your help to function!*

😬 Our goal this year is to have **more** nominees than the number of available vacancies -- because remember that according to the [Faculty Bylaws](#), runners-up who receive enough votes can fill vacancies later if needed *for the full terms* (without the need for more temporary FS Chair appointment to fill a vacancy later). This is my hope for us to achieve! Can you help us to achieve this?

Also, I would love to have the opportunity to reach out to individual faculty and recruit more one-on-one for committees. I am currently working on that, but I very much *need your help to identify folks*. 💡 Can you send me some nominations based on your knowledge of faculty expertise and interests? Do you know of a person who is disconnected from service but has amazing skills we value? Do you know of a faculty member with historical or longstanding knowledge about a committee that I should connect with for nominations for a certain committee? Do you know of a newer faculty member whose amazing skills have yet to be seen and would be perfect for a certain committee? Please let me know! I am happy to outreach individually based on your ideas!

As faculty, you all are the eyes, ears, and the heart, of faculty governance! 👁️ Please do send me your ideas for nominations and I will be happy to do individualized outreach to faculty myself.... and if you prefer to outreach yourself, even better! This is an exciting time for our institution to re-invigorate faculty governance. Let's make this the best nomination sheet we have ever seen!
